## CUSHION TREAD

Cushion Tread is a comfortable, non-slip safety mat for wet or dry areas. It is used behind bars, at food preparation areas, kitchens, machines, work benches or work stations.

### FEATURES

- Made from soft rubber compound which relieves strains from constant standing.
- Ripple surface provides grip in wet areas.
- Drainage holes on surface allow the quick drainage of liquids off mat.
- Bevelled edges eliminate trips or falls on mat edges.
- Anti-microbial additive resists the growth of bacteria or microbes on mat surface.
- Made from 100% Nitrile Rubber ensures mat will not deteriorate in high grease or oil use areas.
