Dura Step matting is an ultra comfortable anti-fatigue and non-slip mat. It is made from nitrile rubber sheeting bonded to thick closed cell PVC foam.

Used at welding bays and benches.

FEATURES

- Ultra-comfortable relief from constant standing
- Mat surface is resistant to sparks caused from welding
- Rippled surface provides user with excellent traction
- Durable closed cell foam base will not absorb liquid
- Nitrile rubber surface resists damaging effects of greases, oils and common chemicals
- Easy to clean by brushing, mopping or wiping
