15mm Thickness

Welding Mat is a modular, anti slip and anti fatigue mat used in welding areas.

FEATURES

- Specially designed to resist welding flux and grinding sparks of 1300 to 1500 centigrade for less than 3 seconds.
- Excellent durability and highly resistant surface for load bearing characteristics.
- Can be used in both greasy / dry environment.
- Reduces fatigue during prolonged standing.
- Chequer plate design provides a non-slip surface.
