COMFORT LINK GRIT TOP

Comfort Link is an interlocking rubber tile which is used for anti-fatigue and anti-slip purposes in bars, change rooms, kitchens, wash up areas, walkways or at workstations, plus many other demanding applications.

FEATURES

- Tiles easily link together to form a desired shape
- Large holes on surface allow rapid drainage
- Soft rubber compound provides relief from constant standing
- Tiles unlink quickly and effortlessly for easy cleaning
- Grit Top option gives unparalleled traction
- Edges available in yellow
