CUSHION EASE

Cushion Ease is a high performance safety mat used in bars, kitchen and industrial applications. The lightweight, yet resilient rubber compound is easy to handle and provides excellent comfort when standing for long periods of time. The near level surface makes maintaining and cleaning the mat effortless. Cushion Ease comes with a chemical and grease resistant additive to extend the life in demanding environments and also eliminates the risk of marking the surrounding floors.

FEATURES

- Heavy duty, long lasting construction
- Lightweight rubber formula makes the mat easy to handle
- Soft rubber feel provides excellent comfort when standing for long periods of time and reduces the risk of cramping and varicose veins
- Near-level surface is easy and effortless to clean and maintain
- The mat's 50% Nitrile Rubber compound gives it superior chemical and grease resistance and will extend its life in demanding environments
- Synthetic rubber formula eliminates the risk of the mat marking the floor it is placed on
- Suction cups on the underside hold the mat in place and prevent movement
