## ENTRANCE MATS

### DELUXE RIB

Deluxe Rib is a heavy duty, indoor or outdoor entrance mat. It is used recessed in entrances or lifts or loose laid in entry ways or lobbies in Commercial buildings, schools and shopping centres.

#### FEATURES

- Coarse, bi-level ribs ensure a powerful scrub to remove dirt and debris from footwear.
- Deep channels between ribs traps the dirt and debris scraped from footwear inside the mat, preventing it from being walked onto the floor.
- High absorbing polypropylene surface dries shoes quickly.
- Hard wearing fibres give the mat a long lifespan.
- Can be un-edged for mat recesses or edged for loose laying.

### TOUGH SCRAPE

A heavy duty, indoor or outdoor Entrance Mat. It is used recessed in entrances or lifts or loose laid in entry ways.

#### FEATURES

- Optional heavy duty edging available
- Coarse fibres scrape dirt and debris from shoes
- Solution dyed to prevent fading
- Easy to clean
- Dries quickly
- High water absorption
- This product has been Slip Resistance tested by AWTA Product Testing using the Wet Pendulum Test Method. It tested P5 (highest possible classification) in accordance with the National Construction Code (NCC) specifications

### PREMIUM SCRAPER

Premium Scrape is a heavy duty, indoor or outdoor Entrance Mat. It is used recessed in entrances or lifts or loose laid in entry ways or lobbies in Commercial buildings, schools and shopping centres.

#### FEATURES

- Great versatility when it comes to custom cut applications & large entrance areas
- Constructed using the latest technologies to enhance the performance life and appearance retention
- Constructed using 100% polypropylene fibre which will not fade or rot
- Easy clean & dries quickly
- Optional heavy duty edging available
- This product has been Slip Resistance tested by AWTA Product Testing using the Wet Pendulum Test Method. It tested P5 (highest possible classification) in accordance with the National Construction Code (NCC) specifications

## BEDSIDE MATS

### WONDERSORB

Wondersorb is a fully launderable entrance mat used in medium to high traffic situations. It is ideally placed at entrances indoor or outdoor, in hallways, lobbies or reception areas.

#### FEATURES

- Ultra absorbent surface retains large amounts of liquid
- Machine washable
- 'Dual zone' gripper backing — will grip any floor type
- Mat surface 100% recycled, made from scrap PET bottles
- Nitrile rubber backing won't crack or tear

## LAUNDRY

### COMFORT CLEAN

A 100% nitrile rubber mat used for anti-fatigue and anti-slip purposes. It is used in wet or dry areas such as behind bars, counters, in food preparation, kitchen areas, laboratories, steel fabrication and industrial workshops.

#### FEATURES

- Made from 100% Nitrile rubber ensuring mat is resistant to greases, oils and common chemicals
- Closed cell "sponge" formula provides relief from standing
- Anti-microbial formula resists the growth of bacteria and microbes on mat
- Raised lugs on surface provides excellent traction and keeps mat surface dry
- Bevelled edges eliminate trips or falls on mat edges
- Easy to clean - hose, pressure, steam clean or machine wash
- Drainage holes allow liquid to drain from mat
- HACCP Certified

### DURA STEP

Dura Step matting is an ultra comfortable anti-fatigue and non-slip mat. It is made from nitrile rubber sheeting bonded to thick closed cell PVC foam. It is used in dry areas such as checkouts, counters, production lines, warehouses and much more.

#### FEATURES

- Ultra comfortable feel provides relief from constant standing
- Rippled surface gives excellent traction for user
- Closed cell foam base is very durable and will not absorb liquid
- Nitrile rubber surface Resists damaging effects of greases oils and common chemicals
- Easy to clean - mat can be brushed, mopped or wiped
- Yellow safety border option increases visibility of mat

# KITCHENS

## COMFORT CLEAN

A 100% nitrile rubber mat used for anti-fatigue and anti-slip purposes. It is used in wet or dry areas such as behind bars, counters, in food preparation, kitchen areas, laboratories, steel fabrication and industrial workshops.

### FEATURES

- Made from 100% Nitrile rubber ensuring mat is resistant to greases, oils and common chemicals
- Closed cell "sponge" formula provides relief from constant standing
- Anti-microbial formula resists the growth of bacteria and microbes on mat
- Raised lugs on surface provides excellent traction and keeps mat surface dry
- Bevelled edges eliminate trips or falls on mat edges
- Easy to clean - hose, pressure, steam clean or machine wash
- Drainage holes allow liquid to drain from mat
- HACCP Certified

## CUSHION EASE

A high performance safety mat used in bars, kitchen and industrial applications.

### FEATURES

- Heavy duty, long lasting construction
- Lightweight rubber formula makes the mat easy to handle
- Soft rubber feel provides excellent comfort when standing for long periods of time and reduces the risk of cramping and varicose veins
- Near-level surface is easy and effortless to clean and maintain
- The mat's 50% Nitrile Rubber compound gives it superior chemical and grease resistance and will extend its life in demanding environments
- Synthetic rubber formula eliminates the risk of the mat marking the floor it is placed on
- Suction cups on the underside hold the mat in place and prevent movement

## MAXI GRIP

A high grip safety mat used in bars, kitchen and industrial applications.

### FEATURES

- Raised gripper surface provides traction in slippery areas.
- Nitrile rubber compound resists damaging effects of grease and fats
- Reversible - either side can be used
- Ideal for wet slippery areas such as ramps, kitchens, machine shops, grocery stores, supermarkets and florists
- HACCP certified

# SHOWERS
