All lift mats made to measure

LIFT CAR MATS

FEATURES

- Heavy duty fibre's designed to protect your lift from scratches, paint and food oils.
- Quality backing for longevity
- Available with a stiff backing or flexible backing. Flexible backing makes it easier to roll up and store for short term, whereas the stiffer backing allows the mat sit in position over long periods of time.
- All walk over edges include a heavy duty anti-trip edge.
- Easy to clean with a vacuum or deep cleaned with a light pressure washer to remove grease, paints and food fats.
- Available in Building Code Compliant Material.
